

## Macdonald Student-Run Ecological Garden 2015 CSA Information Sheet

### Description

There are two different CSA (Community supported Agriculture) options offered for the summer and fall seasons. Each offers a *10% value increase from market prices*:

**Basket** – a variety of each week’s harvest will be assembled for you. The basket’s value will vary between 24\$-29\$ every week (enough to feed 2 people who mainly consume vegetables). Basket contents change based on availability in the field and the bounty of our harvest. Sample baskets are listed below. There will be a designated time and location for weekly basket pick-up.

**Market Membership** – This option has more flexibility allowing you to pick up the quantity and variety of vegetables you want at our different markets during the session. Works like a season long prepaid MSEG credit card. The price is the same as the basket and you get the same 10% value increase from market price. This can be used at any markets throughout the session.

**Summer Session:** July 1 – August 31 (9 weeks)

### **Pickup Location:**

1. McGill Downtown Campus.  
Wednesday’s 3 PM – 7 PM.  
Baskets and market membership available.
2. Sainte-Anne-de-Bellevue Farmers’ Market. Saturday’s 9 AM – 2 PM.  
Only market membership available.

**Contents (sample):** arugula, beets, bok choy, variety of fresh herbs, kale, leeks, peas, radishes, summer squash.

-230\$ non-student/200\$ student for 9 weeks of baskets  
-24\$-29\$ value per basket

### **Deadline**

- Full payment (cash or personal check) due April 1
- \$20 non-refundable deposit required to reserve spot.
- Payment plans available in increments of two or four.

Limited number of basket and market memberships available!
